

Transcripts of my handwritten seed starting notes from my garden journal 2018.

March 8th, 2018

Update on 1st tray seeds. Plntd. 2/22 14 days ago

-Chamomile sprouted then died b/c I had them outside in the cold wind or too hot weather?
Going to reseed.

-no cumin yet

-Yellow Tom's doing great all sprouted

-Thai Basil-Cinnamon Basil-Genoese-Great. All sprouted

-Broccoli

2 pods grew mold. 1 plant surviving

-Okra-great. All sprouted

-True Lavender-none yet

-Cat Grass-Sprouted all then died. Planted more later with catnip and flourished. Has seed pods now.

-Chevil died

Summer Savory-2-4 sprouted. Trying hard

Overall not such a great start. Going to give a few more days 7 reseed a new 2nd tray with same & new seeds in next week.

March 16, 2018

Planting 2nd tray today. My computer is charging, I'm outside. Let the planting begin. I will record what's planted here 1st b/c no laptop available. Beautiful day today.

Tray 2

11 Columns 5 Rows-55 total pods

Seed Seed Chart Sheet #2 for planting details

March 22, 2018

2nd tray has sprouts! Details to follow -no more new sprouts in Tray 1-sad-gonna replant

Planted baby radishes from greenhouse trays in garden beds

March 24, 2018

Tray 2 doing great

Broccoli & Borage sprouted first. Then Okra-few days to 1 week ago i think

Now sprouted- Dill, Yellow toms, some spinach, summer savory, & Tom Thumb lettuce

March 26, 2018

Tray doing well. Cold snap so inside. Replanting most of Tray 1 today due to poor sprouting. I put them outside too early & either they were too hot or too cold.

Tray #3

March 28, 2018

Moved from Tray 2 Okra, Yellow Tom, Borage, Broccoli, Dill & Chervil

March 31st see chart for planting details of Tray 3

April 4, 2018

Moved Summer Savory out

Moved 2 Caraway pods out

1 unsprouted left

Moved Spinach out

Moved Baby Orange Bell & Tom thumb Lettuce

April 6, 2018

Moved BEye Peas, Turnips & mustard greens out

April 10th, 2018

Moved out beans. Omg so many seeds this year! Also new boards for 3rd Raised Bed!!! Lots to do

WOW So much done!

May 21st, 2018

3rd Bed done. Direct sowing & transplanting in progress

Tray #4 1/3 of tray. Out of pods

Continuing direct sowing

Planted more Lavender, Lavender Lady, Chamomile, Fennel, Lovage, Cumin, & Anise.

Only got Fennel from all that. Must have been too hot or enough or something.

End of handwritten garden notes from my journal. Finished Transcribing 8-3-18.
